

My Hair Dryer

by Penny

I am wondering if my favorite appliance, isn't my hair dryer! To coiff my crown of glory. Well, at least to try and push air and curl into, an otherwise limp and lifeless mop of fake blond hair! And, would you believe, I had a friend recently tell me my hair had too much "poof". I couldn't believe what I was hearing. I work hard to ADD that poof to my head! There is some real truth in the saying "I'm having a bad hair day!" Of course, this is a guy. A guy who copped out years ago, and completely shaves his head! Or keeps it, at only 1/4 inch long. I told him he was "too critical, and that he hurt my feelings". I never did receive an apology. I didn't think men even thought much about womens hair. Apparently I am wrong. This man does! I guess he wants me to look like I did in the 60's. It's not going to happen. That would take major surgery. At any rate, I will hold on to my love affair with my hair dryer, and keep trying to look the best that I can, for my age. Poofy, or not!!
